INTRODUCTION

This ReadMe file may contain last-minute information that is not documented elsewhere. We recommend that you take a minute to read the information in this document before you begin installing this version of the SAP Business One SDK.

Contents of the SAP Business One SDK

- Data Interface API (DI API)
- User Interface API (UI API)
- Data Interface Server (DI Server)
- DI Java Connector
- Add-On Registration Data Generator Tool
- Samples

DOCUMENTATION

The following documentation is provided on the SAP Business One DVD:
- ReadMe (this document)
- User Interface Standards and Guidelines

The SDK Help Center is available from the installed software under the path: *SAP Business One → SDK → SDK Help Center*.

LAST MINUTE CHANGES

----None-----

INSTALLATION

Instructions how to install the SDK are found in the SAP Business One Administrator's Guide on the installation DVD.

Support Packages will be distributed via the Software Distribution Center of the SAP Service Marketplace at http://service.sap.com/sbo-swcenter.

Please note that no separate SDK Support Packages or Patches are being provided. Instead, required corrections come with the regular SAP Business One Support Packages and Patches.

ADDITIONAL INFORMATION

For details of system requirements, refer to the SAP Business One System Requirements guide at http://channel.sap.com/sbo/documentation.

In addition to the updates provided in this ReadMe document, please check the following sources for updates:
-   Details on release updates can be found in SAP Note 1295117 "Release Update Note on SAP Business One 8.8"
-   SAP note 1012904 "Central Note for SAP Business One 8.8" contains additional information relevant to SAP Business One 8.8. SAP Notes search on the SAP Channel Partner Portal is available at http://service.sap.com/notes.
-   You can find additional product, training, and marketing information at http://channel.sap.com/education.
-   You can find additional articles, tips, how to, web logs, and updates to the Help Center in the SAP Business One developers area on the SAP Developer Network at http://sdn.sap.com.
